

Summer camp can be more than just fun. It can be a time of learning, exploring, singing, playing, and much more. Hillsdale 's summer day camp helps children foster foundational skills in a safe and loving environment.

Our summer camp program includes weekly themes such as art, science, math and music. The program incorporates stories, hands on activities, games, lots of fun outdoor activities and even a picnic. Each week highlights a new and different aspect of each theme, giving campers the opportunity to learn foundational concepts in a fun setting. Daily small group instruction enhances personal development, while large group activities benefit motor skills and social relationships.

Children are supervised in a safe, loving and nurturing environment, and the classrooms are electronically monitored for security purposes, giving parents peace of mind.

Meet
Our
K3-K5
Summer
Camp
Director

Miss Ruth Williams

We welcome back Miss Williams as our Hillsdale Preschool 2011 Summer Day Camp K3-K5 Director. Ruth taught the 3 yr. old class at Hillsdale Preschool in 2009, and is presently attending Bob Jones University with an Elementary Education major. Last summer she worked in the Summer Day Camp and has served in the Childrens' Ministries at Hillsdale Baptist Church. Enclosed is the Summer Schedule she has planned for your child that includes learning and social activities, fun and excitement, music and art, special days and games. It will be an exciting program that will help your child gain educational experience and have a great time.
